All the Right Stuff for Your Child to Excel

Practice, practice, practice

The School Center in *LearningExpress* has resources to help school aged kids prepare for tests, get extra help with assignments, and boost their skills in important subjects.

Research just about anything

Research is more than just Google; use *World Book* and *Explora* to search for credible, legitimate quality-controlled sources. Explora leads students to articles written at their reading level. Get encyclopedic overviews with interactive maps, videos, and images on *World Book*.

Get ready for college

Save money on those pricey SAT practice books and workshops; the College Preparation Center at *LearningExpress* has you covered. Practice tests, interactive tutorials and eBooks to help you ace the PSATs, SATs, ACTs, AP exams and more.

Walk in someone else's shoes

See all sides of an issue with *Points of View*, a guide to debating, developing arguments, writing position papers, and developing critical thinking skills. Understand the full scope of controversial issues with this awesome educational resource.
